**Kiddos At The Park
A Nature and Play Preschool Program**

“Kiddos At The Park” is a great program to get your toddlers exploring nature in a whole new way!

There will be a new theme each week that explores the wonders of nature. Come join us for adventures, art, experiments, games, and much more. To keep our numbers small, we are only allowing 15 kids to register for each program. To register you can either send a message to the Marion Tallgrass Trail Facebook Page or call the park office at 740-223-4161. You will get a confirmation message that you have been registered. An adult must be present for this program.

**Located at the Marion Tallgrass Trail Nature Center
